Dear Mr. Curti:

On August 18, 2003, Tulare County Association of Governments (TCAG) Policy Board adopted an Amendment to the Federal Transportation Improvement Program. The following Amendment will be know as Amendment No. 9 (TCAG Resolution No. 1411) to the 2002 FTIP amending the Indian Reservation Road Transportation Improvement Program (IRR).

"The project(s) included in the FTIP by this amendment has/have been demonstrated to satisfy the requirements of 40 CFR 93.118 and 93.119 without a new regional emissions analysis in accordance with the provisions of 40 CFR 93.122(e)(2)(ii). Accordingly, the Project(s) has/have been included in the regional emissions analysis of the Regional Transportation Plan's regional emissions at the time of the transportation plan's conformity determination, and that the design concept, scope, and implementation schedule of the project(s) is/are not significantly different from that described in the transportation plan. In addition, the funding of the project(s) will not delay the implementation of projects in the metropolitan transportation plan or FTIP."

Amendment No. 9 includes the following:

### Amendment No 9:

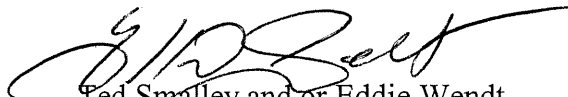

**Funding Reduction:** *TUL02-023-IRR-Tule River Indian Reservation (FHWA)-Water Tank & Casino Road:* The proposed programmed project total is \$110,000 (was \$1,300,000) and is distributed as follows:

Dear Mr. Morales:

SUBJECT: INDIAN RESERVATION ROADS (IRR) TRANSPORTATION  
IMPROVEMENT PROGRAM (TIP)

The Bureau of Indian Affairs (BIA) and the Federal Highway Administration (FHWA) have approved the fiscal year 2003-2005 Indian Reservation Road and Bridge Transportation Improvement Programs (TIPs) for the Bureau of Indian Affairs' Pacific Regional Office projects that are located in California.

The projects included in these Indian Reservation Roads TIPs provide for a range of transportation activities, including: IRR system planning, preliminary project engineering, pavement surface treatments, highway construction and reconstruction, and the rehabilitation or replacement of bridges on Indian Reservation Roads. These projects are eligible for 100 percent federal funding with IRR program funds reserved by the Federal Highway Administration. By copy of this letter we are providing copies of these updated IRR TIPs to the California MPOs with FTIP programming responsibility for the listed improvements.

If you have questions concerning the statewide and metropolitan programming requirements applicable to these projects, please contact Wade Hobbs in the Federal Highway Administration California Division Office at (916) 498-5027. Questions concerning the specific projects included in these IRR TIPs should be directed to Mr. Kanu Patel in the Bureau of Indian Affairs Pacific Region Roads Office at (916) 978-6033.

Sincerely,

For  
Gary N. Hamby  
Division Administrator
